Farmworker Van Pool Performance Criteria: Fresno COG will issue a Request for Proposals to qualified entities to provide such a service All Farmworker Vanpools using Measure "C" funds allocated for this purpose must originate within Fresno County. This does not preclude an agency from using other Measure "C" funds (e.g., Regional Public Transit, Local Transportation Program) to subsidize additional Farmworker Vanpools. Allocations of Measure "C" funds for Farmworker Vanpools will be prioritized based on overall cost effectiveness and air quality benefit.

Measure "C" funds can subsidize Farmworker Vanpool programs that originate within Fresno County. There are funds available for a variety of vanpool incentives, designed to spark the development of new vanpools and offer financial support and assistance to existing vanpools.

Allocations of Measure "C" funds for vanpools will be prioritized based on overall cost effectiveness and air quality benefit. During FY08, a maximum of \$200,000 would be allocated to the Vanpools Program and a maximum of \$100,000 would be allocated to the Carpools Program. In addition, a maximum of \$60,000 would be available to reimburse the City of Fresno for its existing Vanpools Program.

To ensure that Measure "C" funds are utilized appropriately, Fresno COG, at yearly intervals, will conduct a performance evaluation to determine if the Category is meeting its intended goals and assess whether or not to continue, or to design and implement a different strategy for the Category funds. Measure "C" funds can subsidize carpool or vanpool programs that originate within Fresno County. There are funds available for a variety of vanpool incentives, designed to spark the development of new vanpools and offer financial support and assistance to existing vanpools. There is also an incentive program available for encouraging the development or expansion of carpools within Fresno County. Requirements for these programs are outlined in the Measure C Extension Strategic Implementation Plan.
