

Annual Listing of Projects with Federal Funding for Federal Fiscal Year 2014

Fresno Council
of Governments

December 2014

Fresno Council of Governments
2035 Tulare Street, Suite 201
Fresno, California 93721
Phone: (559) 233-4148
Fax: (559) 233-9645
Website: www.fresnocog.org

Purpose

23 CFR 450.332 of the Federal Register outlines the requirement for Metropolitan Planning Organizations (MPO's) to publish an annual listing of projects for which funds have been obligated in the preceding year, including a listing of pedestrian and bicycle projects. From SAFETEA-LU, 23 U.S.C. 134(j) (7) (B), 23 U.S.C. 135(g) (4) (B), 49 U.S.C. 5303(j) (7) (B), and 49 U.S.C. 5304(g) (4) (B):

An Annual Listing of projects, including investments in pedestrian walkways and bicycle transportation facilities, for which federal funds have been obligated in the preceding year, shall be published or otherwise made available by the cooperative effort of the State, transit operator, and metropolitan planning organization for public review. This listing shall be consistent with the funding categories identified in each metropolitan transportation improvement program (TIP).

This report is published in response to the above requirement by listing all federally funded transportation projects in the Fresno County region that were obligated during the federal fiscal year 2014. Obligation refers to the federal government's commitment to pay or reimburse the lead agency for the federal share of a project's cost. Obligation does not indicate expenditure or project completion; only that the project has been approved for federal reimbursement. Programmed project costs can be found in the corresponding Federal Transportation Improvement Program and Regional Transportation Plan.

Background

Fresno COG is a voluntary association of local governments, one of 25 in California and 522 nationwide. In 1967 elected officials of Fresno County and its incorporated cities informally created the Council to provide "a cooperative body" for the discussion and resolution of issues which go beyond their individual boundaries. Subsequent federal and state laws encouraged such efforts, and the agency was formalized in 1969.

Fresno COG fosters intergovernmental communication and coordination, undertakes comprehensive regional planning with an emphasis on transportation, provides for citizen involvement in the planning process and supplies technical services to its member governments.

In all these areas the Fresno COG serves as a consensus builder to develop an acceptable approach on how to handle problems that do not respect political boundaries.

Who are the members, their representatives, and how do they vote?

Fresno COG's member agencies are represented on the Policy Board by the Mayors of each incorporated city, and the Chairman of the County Board of Supervisors, or designated representatives.

The Policy Board is a governing body that establishes policy and guides work activities. They are assisted in making decisions by the Policy Advisory Committee (PAC),

composed of the Chief Administrative Officer of each member agency, or their designated representatives. With the exception of urgency matters, all items must first be considered by the PAC before submission to the Policy Board.

The Board and PAC are assisted in the decision-making process by staff from their agencies, citizen and interest groups, and various technical advisory committees who comprise the Transportation Technical Committee, or TTC as it is commonly called.

Fresno COG Policy Board	
Agency	Member
Clovis	Mayor Lynne Ashbeck
Coalinga	Mayor Ron Ramsey
Firebaugh	Mayor Craig Knight
Fowler	Mayor David Cardenas
Fresno City	Mayor Ashley Swearengin
Fresno County	Supervisor Henry Perea
Huron	Mayor Sylvia Chavez
Kerman	Mayor Stephen Hill or Councilmember Gary Yep
Kingsburg	Mayor Chet Reilly
Mendota	Mayor Robert Silva
Orange Cove	Mayor Victor Lopez
Parlier	Mayor Pro Tem Raul Villanueva
Reedley	Councilmember Bob Beck
Sanger	Mayor Joshua Mitchell
San Joaquin	Mayor Amarpreet Dhaliwal
Selma	Mayor Scott Robertson

The Regional Transportation Plan

The Regional Transportation Plan is a long-range (minimum 20-year) plan that provides a vision for future transportation improvements and investments based on specific transportation goals, objectives, policies and strategies. The RTP is based on federal transportation law requiring comprehensive, cooperative, and continuous transportation planning. Fresno COG meets these requirements by developing comprehensive transportation plans that include all surface transportation modes (multi-modal planning), to ensure efficient people and goods movements throughout the region.

The purpose of the RTP is to provide strategic direction for transportation capital investments by assessing regional growth and economic trends. Thus, the RTP helps planner's link transportation investments to provide a cohesive, balanced and multimodal transportation system that will help relieve traffic congestion improve safety and provide for economic development.

The Federal Transportation Improvement Program

As the designated metropolitan planning organization for the region, Fresno COG prepares and maintains the Federal Transportation Improvement Program (FTIP). The program includes a listing of all transportation-related projects requiring federal funding or other approval by the federal transportation agencies. The FTIP also lists non-federal, regionally significant projects for information and air quality modeling purposes.

Projects included in the FTIP are consistent with Fresno COG Regional Transportation Plan and are part of the area's overall strategy for providing mobility, congestion relief and reduction of transportation-related air pollution in support of efforts to attain federal air quality standards for the region.

Public Involvement

Fresno COG aims to proactively engage the public in the regional transportation planning process and embrace federal requirements that MPOs provide the public with complete information, timely public notice, full public access to key decisions, and early and continuing involvement in developing the FTIP, Regional Transportation Plan, and other products.

Annual Listing of Projects with Federal Funding for Federal Fiscal Year 2014

Federal law requires Fresno COG to publish for public review an annual listing of projects for which federal funds have been obligated in the preceding year, as a record of project delivery and a progress report for public information and disclosure.

This report is divided into the funding types administered by the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA). Projects are listed by *Lead Agency*, *FTIP Program*, *Federal ID* and *Fresno COG ID*. The *Fresno COG ID* number is a unique project identifier used in the FTIP; the category *Total Dollar Amount in FTIP* is included for reference of total project funding. Multiple *Federal IDs* can correspond with one *Fresno COG ID*. Please note that this list includes only federal funds that were obligated; no state or local funds are reported. The information contained in this report was provided by the California Department of Transportation.

This report indicates that approximately \$107.2 million in federal funds were obligated for transportation projects in the region between October 1, 2013 and September 30, 2014. \$38.8 million of Federal Transit Administration (FTA) funds were obligated for transit projects and \$1.5 million was transferred from FHWA to FTA for transit projects.

The federal funds obligated for transportation projects were distributed amongst CMAQ, DEMO, HBRR, HSIP, Local Rail, RIP, RSTP, SHOPP, SRTS, and STP projects. Approximately \$3.2 million of the obligated Federal Highway Administration (FHWA) funds were for bicycle/pedestrian facilities; 18 projects had bicycle/pedestrian components.
