Subject: **2017 ACTIVE TRANSPORTATION PROGRAM FUND ESTIMATE
RESOLUTION G-16-17**

RECOMMENDATION:

The California Department of Transportation (Department) recommends the California Transportation Commission (Commission) approve the proposed 2017 Active Transportation Program (ATP) Fund Estimate.

ISSUE:

The 2017 ATP Fund Estimate's program capacities are based on Senate Bill (SB) 99 and Assembly Bill (AB) 101, along with the Federal Highway Administration (FHWA), Commission, and California State Transportation Agency guidance.

Federal Surface Transportation Block Grant (STBG) set-asides for Transportation Alternatives reflect preliminary FHWA estimates pursuant to Fixing America's Surface Transportation (FAST) Act. This was formally the Transportation Alternatives Program (TAP) included in Moving Ahead for Progress in the 21st Century Act. In addition, the following assumptions were used to calculate the 2017 ATP Fund Estimate program capacities:

- Distribution to Metropolitan Planning Organizations is based upon total population.
- Recreational Trails is not subject to STBG distribution guidelines.
- Federal Highway Safety Improvement Program funds will not be used in the ATP.
- 95 percent obligation authority for all federal funding apportionments.
- Population based on 2010 census data.
- State and federal resources will remain stable throughout the fund estimate period.
- Fiscal year 2020-21 extends beyond current FAST Act authorization, but will receive Federal funding consistent with previous years.

The Department has consulted with Commission staff during the development of the 2017 ATP Fund Estimate.

BACKGROUND:

The ATP, as articulated in SB 99 and AB 101, was signed into law on September 26, 2013. It replaced the existing system of small, dedicated grant programs, which funded Safe Routes to Schools, bicycle programs, and Recreational Trails. The Program divides approximately \$123 million annually over the Fund Estimate period for active transportation projects between the state and regions, subject to the adopted 2017 guidelines. The intent of combining this funding is to improve flexibility and reduce the administrative burden of having several small independent grant programs.

RESOLUTION G-16-17:

- 1.1. WHEREAS, the Active Transportation Program (ATP) was created by Senate Bill 99 (Chapter 359, Statutes of 2013) to encourage increased use of active modes of transportation, such as biking and walking; and
- 1.2. WHEREAS, the Department consulted with Commission staff regarding adjustments to the 2017 ATP Fund Estimate.
- 2.1. NOW THEREFORE BE IT RESOLVED that the California Transportation Commission does hereby adopt the proposed 2017 ATP Fund Estimate, as presented by the Department on May 18-19 2016, with programming in the 2017 ATP to be based on the adopted 2017 guidelines and the statutory funding identified.
