

Fresno Council of Governments
Progress Report for Fourth Quarter (April-June)
FY 2015-16 Overall Work Program (July 2015-June 2016)
August 2016

WE 110 - Regional Streets and Highways

Objective: To maintain a continuing, cooperative, and coordinated regional streets and highways planning process that is responsive to local needs as well as state and federal requirements.

Accomplishments:

- Continued participation in the monthly Statewide California Federal Programming Group (CFPG) established to provide a linkage between State, Federal, and Regional Transportation Planning Agencies involved in transportation programming activities.
- Involvement with related subcommittees, such as the FTIP and CMAQ task forces, of the CFPG group evaluating and making recommendations on policy and procedure updates related to programming.
- Continued use of the *California Transportation Improvement Program System* (CTIPS) and involvement in program updates.
- Continued participation in the San Joaquin Valley Interagency Consultation Group.
- Continued support and developmental improvements to FresnoTrak, the programming software provided by EcoInteractive used to integrate all components of programming such as Modeling, RTP, and FTIP. Local agencies request one on one user training to be able to access their project information online, submit amendment requests and verify programming details on FresnoTrak.

MAY 2016

- **Unavoidable delay in the draft final version of the** Update to Master Plan due to consultant unable to attend meeting due to medical issues. Final work anticipated to be reviewed and delivered to the Members of the Association by July 2017.

WE 111 - Regional Transportation Modeling

Objective: To maintain a continuing, cooperative, and coordinated regional transportation modeling process that is responsive to local needs as well as state and federal requirements.

Accomplishments:

April 2016

- Conducted traffic impact study for Yamabe and Horn 4/1/16 MZ
- Conducted select zone model runs for Clovis Heritage Grove planning area 4/11/16 MZ/KH
- Conduct select zone model runs for Peter's Engineering 4/22/16 MZ
- SJV Freight Model user group meeting 4/21/16 KC/KH/MZ
- Conduct traffic impact study for Tract 6143 in Clovis for Peters Engineering 16-025.01 4/25/16 MZ
- Reviewed Draft of Fresno/Madera O-D Phase One study [RT] 4/25/16.
- Conduct traffic impact study Tract 6137 in Clovis for Peters Engineering 16-024.01 4/28/16 MZ

May 2016

- Attended online class: Managing Transportation and Land Use Interactions 5/3/2016--5/6/2016 MZ/SS
- VIMP2 Training 5/6/16 KC/KH/MZ/SS
- Test current traffic models in Cube version 6.4.1 under new licensing scheme 5/6/16 KH/KC
- NPMRDS Webinar 5/10/16 KC/KH/MZ/SS
- Freight Industry NPRM webinar 5/11/16 KC/KH/MZ
- EMFAC2017 user conference call 5/11/16 KC/KH
- Caltrans TAG/TISG TAC meeting 5/13/16 KC
- Traffic impact study for JLB Engineering (004-033) 5/16/16 MZ/KH
- Presented Draft of Fresno/Madera O-D Phase One study [RT] 5/25/16.

June 2016

- Model training in Visalia 6/1/2016 LY

- Attended the growth forecast committee meeting 6/2/16 SS/KC/LY
- Traffic impact study for JLB Engineering (Kerman Unified School District) MZ/KH 6/3/16
- Needs Assessment Workshop 6/8/16 LY/SS/KC
- 2017 FTIP Conformity Analysis MZ/KH 6/15/16
- Demographics workshop LA 6/13/16 LY/SS
- Conducted select zone analyses for traffic consultants 6/20/16 KH/MZ
- Traffic Impact Study for JLB Engineering (004-034) 6/23/16 LY/MZ
- Conducted select zone analyses for traffic consultants KH/MZ 6/20/16 Traffic impact study for Precision Engineering (Cedar&Central) 6/24/16 MZ
- Traffic Impact Study for JLB Engineering (009-008) 6/24/16 MZ/KH
- Presented Final Fresno/Madera O-D Phase One study for acceptance, and formulated Phase Two RFP [RT] 6/26/16.
- Road Diets Workshop LA 6/28/16 LY
- Modeling for Traffic Impact Study for Peters Engineering 6/30/16 LY/KH

WE 112 - Regional Traffic Monitoring

Objective: To maintain the Fresno Regional Traffic Monitoring Program as a source of current traffic information for use by member agencies and the public, and as a validation tool for the Countywide Traffic Model.

Accomplishments:

- Coordinated the *Traffic Counts Program* and provided technical assistance to member agencies.
- Provided traffic count information for MIP model improvement project and ARB review of SCS modeling process. 7/3/14 KH.

April 2016

- Attended Statewide bicycle and Pedestrian Plan Workshop 4/22/16 KC/MZ

June 2016

- Fresno COG Count Program meeting 6/1/16 KC/MZ/KH

WE 114 – Fresno County Intelligent Transportation System Architecture Update

Objective: To update the Intelligent Transportation System (ITS) Regional Architecture for Fresno County last completed in 1999.

Accomplishments:

APRIL 2016

- Discussed final invoice with consultant.

JUNE 2016

- Reviewed final invoice and retention request. Revise both and obtain approval from consultant for revisions.
- Distribute Final Plans and Executive Summaries to Stakeholders.
- Research ITS Corridor Synchronization Agreements for the City of Fresno.

WE 115 – Regional Transportation Mitigation Fee Plan

Objective: As of January 1, 2010, Resolution 2009-01 gives the RTMF joint powers agency (RTMF JPA) the authority to collect the fee. The RTMF JPA and the Transportation Authority entered into an indemnity agreement, whereas the Fresno County Transportation Authority (FCTA) assumes liability for the RTMF JPA's actions in collecting the fee.

Accomplishments: As of January 1, 2015, new RTMF rates have been implemented. State statute requires an update to the RTMF Nexus each five years. The Nexus will therefore be updated by January 1, 2015 as required by state law to allow continued collecting of the fee. The update involved reviewing development project costs and incorporating the current SCS Traffic Modeling assumptions into the fee calculation. The contract with Parsons Brinkerhoff was expanded to include this task. Subcommittee meetings were held on March 17, 2014 and August 25, 2014. A follow up meeting was held with Caltrans and the City of Fresno on October 6 to address specific request for information. The consultant has incorporated input subsequent to those meetings into the calculation and prepared the Nexus update. The Nexus update was approved by Fresno COG Board on November 20, 2014 and by the Transportation Authority on December 10, 2014.

Under the revised Nexus calculation the fee goes down approximately 5% for residential development and an average of 25% for commercial development. A significant part of the fee reduction was a result of our success in leveraging significantly more state and federal funds than anticipated in the original Nexus. Also taken into consideration were changes in traffic impact resulting from local agencies adopting less traffic intensive general plans that incorporate Sustainable Communities strategies.

Fresno COG Staff provided traffic analysis per statute, specifically Section 66005.1; pertaining to infill development that provides direct access from residential and commercial development to and from transit. Analysis of findings of reduction in traffic impacts based on criteria of potential specific infill developments, and prompted the Fresno COG Board to adopt policy through resolution at the November 20, 2014 meeting.

During the FY 2014-15 the total fees collected were \$3,258,736.96. The total amount collected since inception is \$15,029,490.05.

The following activities continue;

- Processed Record of Payment of RTMF forms and collected fees. [GRAHAM/ARNEST/FAWCETT]
- Maintain and update RTMF database and enter information from Record of Payment of RTMF forms, analyze data to prepare RTMF fee collection reports on a monthly, quarterly and annual basis. [GRAHAM/SCOTT]
- Funds are transferred to the Fresno County Transportation Authority account, on behalf of member agencies for Measure C projects throughout the county.
- Staff administers the RTMF Appeals Process, implemented the second quarter of FY 2010-11 on a case by case basis, which is taken before the Fresno County RTMF Board for a review and finding of determination of requirement under Gov. Code § 66020 (d)(1).

WE 116 – National Park Transit Service – Transit Demonstration Project

Objective: The National Park Transit Service Work Element is intended to provide resources to implement public transit between Fresno and Yosemite and Sequoia/Kings Canyon (SEKI) National Parks.

Accomplishments:

The Fresno COG Policy Board approved feasibility studies in 2013 to explore providing Transit Service to Yosemite and Sequoia-Kings Canyon National Parks. Based on the studies and at the direction of the Fresno COG Policy Board, CMAQ Funding Grant Applications were prepared on behalf of Fresno COG and the City of Sanger for transit demonstration projects to the national parks. The City of Sanger is the lead agency for the Fresno-Sanger to Sequoia-Kings Canyon “Big Trees Transit” Demonstration Project, and Fresno COG is the lead agency for the Fresno to Yosemite Transit Demonstration Project.

Funding Status:

The CMAQ award has been transferred to FTA and will be used to provide operations support during the first season of service. The Policy Board awarded CMAQ funds (Yosemite: \$2,692,527 and Sequoia-Kings Canyon National Parks: \$462,127) to provide for the first two years of operations of both projects, and the Air District provided matching funds for (Yosemite: \$367,040 and Sequoia-Kings Canyon National Parks: \$20,494) both projects. In addition the City of Sanger has dedicated \$39,379 of its LTF (Local Transportation Funds) for the local match to support the SEKI route and is also providing assistance with the marketing and media campaign effort. In order to implement the service County Counsel required an amendment to the Fresno COG JPA. Therefore, per Policy Board direction at the September 25th Board meeting, Fresno COG JPA Amendment #9 was submitted to each of our member agencies for individual City Council and Board of Supervisors action. The amendment was ratified per the Fresno COG Bylaws by a majority of the members representing a population share of at least 40% and is now in effect. The JPA amendment allows Fresno COG to act as lead agency to apply for and receive grant funding, enter into agreements to provide funding, administration and oversight for interregional public transportation services.

Current staff activities continue support of operations of the Fresno to Yosemite and Fresno to SEKI Transit Demonstration Project. The planning activities are supported by a \$100,000 planning grant awarded by Caltrans, and an agreement to receive these funds on behalf of YARTS services to be rendered was approved at the September 25th Policy Board meeting. FCRTA, already successfully and efficiently providing service for Sanger and all other communities outside the urban sphere; FCRTA/EOC is the service provider for the “Big Trees Transit” SEKI route. Kick-off and ribbon cutting events celebrating the start of service for both routes were well attended by public officials and local media. Recognizing the crucial role that branding and multi-media marketing plays in promotion of the service to attract ridership, The City of Sanger City Council approved a marketing budget and a bid for marketing campaign for the service was awarded to Archer & Hound. Archer & Hound, working with City of Sanger chose the name “Big Trees Transit” and developed a logo and bus wrap in time for the start of service. Building on the Fresno COG Board approval at the November 20, 2014 meeting, the JPA Amendment #9, allows Fresno COG to work collaboratively with the transit service providers to

ensure all aspects of operations will be met through current and future funding sources, for successful operations and marketing of both transit routes.

YARTS Public Transit from Fresno to Yosemite National Park

Service began Memorial Day Weekend, May 23, 2015. YARTS continues with a modified fall/winter schedule. Wildfires in Madera County and the National Park affected access to and from the park as well as the air quality and safety considerations that likely impacted visitors and therefore ridership. Activities continue to support operations and increase ridership:

- Total ridership numbers **from inception date of May 23, 2015** are as follows:
 - 5,797 passengers on YARTS Fresno Route - May (partial month), June July and August (September numbers have yet to be tallied)
- NPS staff continue to work with Fresno COG and YARTS to assess and provide feedback regarding progress of the service including ridership data
- Supplemental funding sources to promote ridership are being actively pursued, particularly through the National Park Service submitting grant applications.
- Stop locations, timing and schedule coordination have been established to Yosemite
- A reliable communication system has been established between the bus/shuttle drivers, operations and maintenance staff as well as the park service to ensure the quality and safety of the service.
- Continuance of a media campaign builds upon the successful implementation of operations and maintenance provided by YARTS
- News releases and advertisements via print, web and television to inform the public of the new service have been released regularly, and will continue throughout the demonstration period of this project.
- Websites and Facebook continue to attract visitors and promote information about the service routes and schedules. For additional details visit:
 - www.YARTS.com

Big Trees Transit from Fresno to Sanger to SEKI (Sequoia Kings Canyon National Park):

Big Trees Transit began Memorial Day Weekend, May 23, 2015, the service ended for the season on September 7, 2015. During the Rough Fire at Kings Canyon National Park Big Trees Transit vehicles were utilized to assist evacuation of hikers. Activities continue to support operations and increase ridership:

- Total ridership numbers **from inception date of May 23, 2015** are as follows:
 - 7,156 passengers on Big Trees Transit during May (partial month), June July, August and September 1st through 7th
- NPS staff continue to work with the City of Sanger and the transit operator to assess and provide feedback regarding progress of the service including ridership data
- Supplemental funding sources to promote ridership are being actively pursued, particularly through the National Park Service submitting grant applications.
- Stop locations, timing and schedule coordination has been established to SEKI
- A reliable communication system have been established between the bus/shuttle drivers, operations and maintenance staff as well as the park service to ensure the quality and safety of the service.
- Continuance of a media campaign funded by the City of Sanger that builds upon the successful implementation of operations and maintenance provided by Big Trees Transit Operator FCRTA/EOC
- News releases and advertisements via print, web and television to inform the public of the new service have been released regularly, and will continue throughout the demonstration period of this project.
- Websites and Facebook continue to attract visitors and promote information about the service routes and schedules. For additional details visit:
 - www.bigtreestransit.com

April 2016

- Developed a number of various funding scenarios for possible YARTS CMAQ funding.
- Prepared for questions from the CMAQ scoring committee.
- Met with Fresno COG Executive Director and YARTS Transit Manager.

- Fielded questions from the CMAQ scoring committee.
- Conducted public outreach at Fresno State Vintage Days April 15 and 16, 2016. Handed out brochures for Big Trees Transit and YARTS and inform people who came to our booth of various aspects of both programs.

May 2016

- Discuss with Fresno COG executive director and YARTS transit manager the possibility of deleting YARTS stop at Fresno State because City of Fresno is requesting YARTS pay \$12,000 for reinforcement improvements to the bus stop along Shaw near Barton.
- Review consultant invoices for payment.
- Discuss various ideas for alternate funding with YARTS transit manager.
- Attend Big Trees Transit Kickoff in Sanger, CA. Discuss details with head of the Sanger Chamber of Commerce. Clear up misconceptions about ticketing. Encourage more communications between Chamber and marketing firm.

June 2016

- Review consultant invoices for payment.
- Discuss various ideas for alternate funding with YARTS transit manager.
- Review ridership data, notice discrepancies, ask YARTS staff analyst to clarify. Update ridership spreadsheet and graphs.
- Review Big Trees Transit (BTT) posts to social media and posting calendar.
- Examine various budget possibilities and research funding contracts to determine new scheduling for YARTS

WE 117 -Golden State Corridor Study

GOLDEN STATE CORRIDOR: ECONOMIC DEVELOPMENT INFRASTRUCTURE IMPROVEMENTS: ENGINEERING AND ENVIRONMENTAL STUDY

Objective: The Fresno Council of Governments (Fresno COG) in conjunction with the County of Fresno, and the cities of Selma, Fowler and Kingsburg are conducting a Golden State Corridor: Economic Development Infrastructure Improvements: Engineering and Environmental Study.

There are three parts to this phase of the project:

- 1) Developing an RFP and contracting with a consultant,
- 2) Completing the engineering design plans (100%) of the Golden State Corridor Economic Development Infrastructure Improvements, and
- 3) Preparation of environmental documents sufficient to meet the requirements of the National Environmental Quality Act (NEPA), if necessary.

The goal is to revitalize the Corridor, enhance economic development, and improve Corridor safety for both commercial purposes as well as local drivers.

Funding for the Golden State Corridor Improvements has been made available in the Measure "C" Sales Tax Extension, passed by the voters of Fresno County in 2006. Originally, \$515,000 was allocated for the first phase. This second phase was allocated \$5,970,000, and the third allocation occurs in the years 2015/16 at \$37,343,000. Due to Measure "C" sales tax estimates falling below 29.3% from ballot measure projections, the November 18, 2010 Policy Board approved reprogramming the Golden State project as follows: \$6,226,000 in 2015/16; \$24,156,000 in 2018/19; \$14,375,000 in 2019/20 and \$2,858,000 in 2020/21.

Accomplishments:

MAY 2016

- As of May 13, 2016, the consultant has begun work on the project. Survey crews are tentatively scheduled to set mobile scan control along the shoulders of the corridor during the week of May 16-20, 2016. They have contacted the local jurisdictions to secure encroachment permits.

JUNE 2016

- Worked with consultant so schedule Kickoff meeting for June 24, 2016 at FCOG.
- Discussed proper billing and invoicing in depth with Mark Thomas's Project Manager and their Accounting Specialist. Reviewed first invoice, suggested changes, reviewed and accepted final invoice for payment.
- Held Kickoff meeting on June 24, 2016.
- Researched questions brought up during the Kickoff meeting, discussed issues with FCOG staff, and emailed answers to Mark Thomas' Project Manager, Ed Noriega.

WE 120 - Regional Public Transportation Planning

Objective: To carry on the continuing public transportation planning process to satisfy the requirements of the Federal Transit Administration under the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), the Alquist-Ingalls Act (AB-402, 1977) and AB-120 (Statutes of 1979); the Social Service Improvement Act (AB-120, 1979); the Mello Act (SB-157, 1985); the Specialized Transportation Services Act (SB-826, 1988); the Federal Clean Air Act Amendments; the 1988 California Clean Air Act and the Americans With Disabilities Act of 1990 (Public Law 101-336); and the Measure C Expenditure Plan

Accomplishments:

- *Management Information Systems:* Staff continues to develop and maintain various MIS programs and services. Work continues on the implementation of the Regional Trip Planning program, as well as the Regional Farebox system.
- *National Transit Database Report:* National Transit Data Base (NTDB) annual operating statistics for FY2014-15 is being compiled. NTDB data collection is an ongoing process.
- *Coordinate with Air District:* Staff reviews Air District's plans and rule making and attends workshops on topics related to transit planning. Staff also works closely in developing funding request strategies from the SJVUAPCD for related TCM's such as alternative fuels funding.
- *Review Development Proposals:* Staff continues to work closely with the development community in order to promote pedestrian and transit-friendly development through review and comment on development proposals.
- *Community Outreach and Public information:* FAX information continues to be maintained on the World Wide Web at <http://www.fresno.gov/index.html>. Staff continues to work with major employers to promote public transit, and to find creative ways to increase transit's market share. Staff has participated in several community outreach activities with various local agencies.
- *Service Coordination:* The Clovis/FAX Metro pass continues to be a success, and FAX continues to include transit service schedules and information for Clovis Stageline in the FAX Schedule Guide. Beginning January 10, 2011, FAX only sells Metro passes and no longer offer the monthly convenience pass.
- *Regional Farebox:* Farebox installation on the FAX fixed-route and Handy Ride system has been completed, and the systems are undergoing acceptance testing. Clovis Transit is planning to install a compatible fare collection system that will allow both systems to read and write mag stripe media for passes and transfers, making travel on and between the two systems much easier. This will also greatly improve the level the transaction detail that can be shared between the systems.
- *Social Service Transportation Advisory Council (SSTAC):* Staff has completed the Annual Unmet Transit Needs process, and Public Hearing is scheduled before the COG Policy Board on June 25th, 2015.
- *Regional Trip Planning Program:* Ontira Communications was the selected vendor of the JARC funded project. Staff is currently testing the Regional Transit Trip Planning Program. The program, when fully implemented, will include Fresno Area Express, Clovis Transit and Fresno County Rural Transit. Automated trip planning is currently available via Google Transit for FAX, but in a much less robust format. This project has suffered from prolonged technical difficulties primarily due to the City of Fresno's security precautions with access to City Servers, and is not anticipated to be completed this fiscal year.

121 - PUBLIC TRANSIT-HUMAN SERVICES TRANSPORTATION

Objective: The Human Services Transportation Coordination (HSTC) work elements aim is to improve transportation services for persons with disabilities, older adults, and individuals with lower incomes by ensuring that public and non-profit agencies coordinate transportation resources provided through multiple federal programs.

Accomplishments:

APRIL 2016

- Coordinate with subgrantees on Quarterly Reports for FTA grants.
- Completed Quarterly Federal Financial Reports and Milestone Progress Reports for all FTA grants.

- Review New Freedom and 5310 invoices for payment. Have discussion with new sub-grantee on acceptable invoice back-up.

MAY 2016

- Continue to work with subgrantees on proper invoicing.
- Add Resolution of Support to the Title VI Plan and submit to FTA via TrAMS. Follow up with email to FTA's Civil Rights Officer for Oversight and Region IX Civil Rights Officer.
- Review and approve invoices for payment.

JUNE 2016

- Work with subgrantees on bus procurement.
- Review and approve invoices for payment.
- Answer questions and clarify issues with 5310 subgrantees.

WE 150 - Other Modes – Aviation, Rail, & Non-Motorized

Objective: To maintain a continuing, coordinated planning process in the aviation, non-motorized and rail modes.

Accomplishments/Aviation:

- Monitored aviation issues and legislation important to Fresno County.

Accomplishments/Rail:

- Monitored rail issues and legislation important to Fresno County.
- Monitored activities of the California High-Speed Rail Authority and other activities related to high-speed rail in California.
- Ongoing monitoring of all activities of the San Joaquin Joint Powers Authority for the Amtrak San Joaquin's.
-

Accomplishments/Non-Motorized:

- Ongoing review of matters related to bicycling in Fresno County, including legislative, design, and operational issues.
- Ongoing monitoring and research on matters related to protected bikeways (cycletracks) as planned and implemented in other jurisdictions.

MAY 2016

- Ongoing coordination, including phone calls and review of materials, with Alta Planning + Design on Cycletracks Feasibility Study. [CT] 5/23/16
- Prepared Greenprint status report for Valley COG Directors for their meeting on June 2, 2016. Report discussed selected Demonstration Projects, the untimely death of Ted Holzem with Mintier Harnish and implications for Phase II of the Greenprint project, and other matters. [CT] 6/6/16

JUNE 2016

- Presented Greenprint Phase II status report to Valley COG Directors at their meeting on June 2, 2016. [CT] 6/6/16
- Conference call with Jeff Knowles of Alta Planning + Design, consultant for the Cycletracks Feasibility Study. Conference calls will be held on a bi-weekly basis to discuss any aspects associated with the Feasibility Study. [CT] 6/6/16
- Prepared Greenprint Phase II agenda item for the PAC meeting to be held on June 10, 2016. Item was a contract amendment with Mintier Harnish, consultant for Phase II of the Greenprint project, extending the term of the contract to April 30, 2017. [CT] 6/6/16
- Biweekly call with Jeff Knowles of Alta Planning + Design, consultant for the Cycletracks Feasibility Study. Key items discussed included need for additional time for public participation, slightly revised study schedule, and the schedule for next meeting of the Project Development Team [CT] 6/20/16
- Biweekly call with Jeff Knowles of Alta Planning + Design on June 23. Call included further discussion and refinement of issues noted in above bullet; schedule, next meeting of PDT, public participation, etc. [CT] 7/5/16

WE 152 – High Speed Rail Planning

Objective: To assist the California High-Speed Rail Authority, in conjunction with Fresno COG member agencies and interested citizens and organizations, with the development of the project level environmental document for the high-speed train system, and to identify and evaluate all other issues associated with high-speed trains in Fresno County in order to maximize its benefits.

Accomplishments:

APRIL 2016

- Monitored meeting of the California High-Speed Rail Authority on April 21, 2016. [CT] 4/25/16

MAY 2016

- Monitored meeting of the California High-Speed Rail Authority on May 10, 2016. Also, during this time-card period, considerable time spent reviewing the 2016 High-Speed Rail Authority 2016 Business Plan. [CT] 5/23/16

JUNE 2016

- Continued monitoring of activities of the California High-Speed Rail Authority and review of 2016 Business Plan for implications for Fresno County and the San Joaquin Valley. [CT] 6/20/16

WE 153 – Airport Land Use Commission

Objective: To ensure the orderly development of lands in the vicinity of public use airports within Fresno County and ensure consistency of land use development with the various Airport Land Use plans within Fresno County.

Accomplishments:

April 2016:

- Staffed April 4, 2016 ALUC meeting. Conducted follow up tasks for the committee. – BV
- Spoke with Airport Managers regarding two new appointments to the committee, as well as ALUC Committee Members. – BV

May 2016:

- Received two new appointments to the committee from Airport Managers. – BV
- Submitted the resolution and filled out required paperwork and forms to the Dept. of Aeronautics for funding which will allow all of Fresno County's airports to update their Airport Land Use Plans. –BV
- Attended a meeting at Lemoore NAS to discuss their Airport Land Use needs and update of the JLUS.-BV

June 2016:

- Staffed June 6, 2016 ALUC meeting. Conducted follow up tasks for the committee. – BV
- Prepared ALUC meeting annotated agenda and packet materials for June 6, 2016 meeting. Reviewed all items and evaluated for consistency with corresponding land use plans.
- Followed up on more Form 700 requests to insure all members completed the required paperwork. - BV

WE 170 - Regional Transportation Plan

Objective: With the adoption of the 2014 Regional Transportation Plan (RTP), Fresno COG maintains a continuous, coordinated and comprehensive process. The plan includes both long-range and short-range strategies and actions for implementing an integrated intermodal transportation system. It addresses the federally required planning factors emanating from MAP-21, statewide transportation planning emphasis areas and legislative initiatives including SB 375 and AB 32. An ongoing involvement with the Regional Transportation Plan represents a departure from past practice, which can be characterized as intermittent. This new approach is necessary because of the complex requirements that are addressed in the 2014 RTP.

The 2014 Plan is fiscally constrained, and is consistent with the Environmental Protection Agency's defined Transportation Conformity process and all local plans. Public input was sought proactively during development and subsequent adoption of the

plan. In addition, Fresno COG followed the process outlined in the latest RTP Guidelines. The 2014 RTP also complies with the applicable requirement of 23 CFR Part 450, which regulates metropolitan transportation planning and programming. Additionally, this plan addresses greenhouse gas compliance issues as addressed in OWP Element 180 (Air Quality /Transportation Planning) and the emphasis areas included in the new Federal Transportation Act. The 2014 RTP also contains a Sustainable Communities Strategy (SCS) as required by California Senate Bill 375.

Accomplishments:

April 2016

- Attended webinar re: HSIP and Safety Performance Management Measures Final Rules 4/1/16 KC
- Attended webinar re: FHWA Surface Transportation Systems Funding Alternatives Program 4/1/16 [CG]
- Needs Assessment Monthly call 4/5/16 KC/SS/KH/MZ/CG
- Provided socioeconomic data for target setting to modeling staff 4/8/16 SS
- Blackstone Corridor Study kick-off meeting 4/15/16 KC
- Statewide Bike/Ped Plan workshop 4/22/16 KC/MZ
- CMAQ and RSTP Call-for-Projects selection committees for projects to be programmed into the 2017 FTIP and the 2014 RTP Amendment. 4/1 to 4/22/16 [LD]
- Review of 2015/16 RSTP proposals, assistance preparing documents for scoring committee meeting, and assistance facilitating scoring committee meeting. 4/10 to 4/20/16 [CG]
- Attended webinar re: the FAST Act and advancing trail projects 4/21/16 [CG]
- Began development of the RTP/SCS public outreach strategies BV
- Presentation on Greenprint to COG Board 4/28/16. Board authorized Executive Director to execute Amendment No. 1 to the Agreement for Contractor Services with Mintier Harnish dated December 17, 2014 reducing the contract amount by \$30,355 to \$159,628 and also authorized the Executive Director to enter into a contract with Conservation Biology Institute for the amount not to exceed \$15,000. [CT] 5/9/16
- Participated in Valley Planners Network Meeting from 10:00 to noon on April 26, 2016. Provided status report on Greenprint activities and schedule of coming activities. [CT] 5/9/16
- Participated in San Joaquin Valley Goods Movement Technical Advisory Committee Conference Call at 10:00 a.m. on April 28, 2016. [CT] 5/9/16
- Review of Proposals submitted in response to an RFP for Greenprint Demonstration Projects. Prepared summary sheets of each proposal, scheduled meeting of proposal review committee which was held on May 6 to review the proposals and make recommendations for funding. [CT] 5/9/16
- Continued formulation of draft RTP timeline for kick-off discussions regarding the 2018 RTP process [RT] 4/25/16.
- Held bi-weekly follow-up meetings with both Circuit Planning and Circuit Engineering Teams [RT] 4/25/16.
- Continued AHSC application reviews and consistency check for all Fresno-region Applicants [RT] 4/25/16.
- Coordinated Blueprint presentation with CSU Stanislaus professor and Caltrans regional cooperation liaison [RT] 4/25/16.

May 2016

- State-wide MPO working group meeting 4/26/16 KC
- Webinar: "Managing Transportation and Land Use Interactions", 5/3-5/16 SS/MZ
- Needs Assessment study monthly staff call 5/4/16 KC/SS/KH/MZ/CG
- Conference call re: Blackstone Corridor Housing & Transportation Study 5/4/16 KC
- Revised documents in support of the Public Participation Plan update (Association for the Beautification of Highway 99; AQ Conformity and Public IAC) 5/9/16[LD]
- Timeline development for the 2017 FTIP 5/1 to 5/18/16[LD]
- Reviewed/commented/participated in the TDA/FTA triennial audit interview process.5/12/16[LD]

WE 311 - Public Information and Participation

Objective: To provide the public with information on projects, meetings, plans and reports, and to seek input from the public on Fresno COG's planning activities. This work element is intended to highlight the COG's desire to encourage public participation in the transportation planning process, consistent with federal requirements. This will include public participation in the development stages of plans and programs as well as throughout the adoption process. Fresno COG's 2015 Public Participation Plan and supporting outreach strategies will be consulted and followed during each phase of plan or program development.

It is Fresno COG's desire that the citizens of Fresno County and its cities assist in delineating values, goals, and objectives of transportation-related services and planning documents. Further, it is Fresno COG's intent that those same citizens, charged with the responsibility of providing feedback on a continuous basis, will participate in the selection of transportation facilities and programs for planning and programming under Fresno COG's authority. Finally, it is the goal of Fresno COG to adequately provide information to, and solicit input from, historically under-represented and under-served communities in Fresno County (i.e. elderly, minority groups, youth, disabled, and low-income members of the public).

Each month's accomplishments:

- Prepared agenda packages, reports, and notices for COG's three monthly public meetings.

WE 340 – Traffic Demand Management Program [MARTINEZ/VEENENDAAL/BLOCKER]

Objective: Fresno COG's Valleyrides staff provides Transportation Demand Management (TDM) Services, information and support to individual commuters and employers in Fresno County. These TDM services facilitate higher vehicle occupancy rates and reduce traffic congestion by expanding the traveler's transportation choice in terms of travel method, time, route, costs and the quality and convenience of the travel experience. Federal requirements, through TEA 21, mandate that non-attainment areas shall have Rideshare/TDM programs. Additional transportation control measures are to be explored and implemented when reasonable, but SAFETEA-LU distinguishes the Rideshare component as a mandatory element in order to maintain our air quality conformity status.

Monthly Accomplishments:
