

The Fresno Council of Governments

Invites YOU to attend one of 15

Community Workshops

Being held between Monday June 5th through Thursday, June 29th

(See the complete list of workshops on the back of this flyer)

Join other community members at a workshop to discuss transportation projects you would like to see funded and built!

Your Vision, Your Community is a regional effort to improve the quality of life in our communities throughout the region through transportation projects and options. Join us to discuss the development of Fresno Council of Governments' (Fresno COG) Regional Transportation Plan (RTP) that takes a big-picture look at how our communities can grow over time while coordinating our transportation options with the land uses around them. At these 15 workshops Fresno COG staff will be presenting current and future transportation project lists for inclusion in the 2018 RTP. They will be asking for your opinion on the lists and for your suggestions on additional projects that may be included.

At each workshop FREE refreshments will be served. FREE child care and Spanish language interpretation may also be provided for the presentation and materials.

If possible, please RSVP for each workshop (not required) to the contact phone numbers listed on the back of this flyer. Also, let us know if you need translation services for any of the workshops.

Can't attend? Get more information and take our online workshop survey at www.fresnocog.org

Please Come and Share Your Ideas

The workshop will be interactive and fun!
