ESSENTIAL INFORMATION

Please plan to enter the White House Complex through the entrance at 17th Street NW and State Place NW. State Place is one block below F Street NW. This entrance is on the West side of the White House. We will plan to meet your group outside of Room 10 in the Eisenhower Executive Office Building (EEOB) to escort your group to the meeting.

Upon your arrival, Secret Service will need to check your driver's license or passport. This must be a current, valid form of identification, and paper copies will not be accepted. Please keep in mind that if there are any discrepancies (including minor "typos") between the personal information that you submit and what is listed on your identification, then Secret Service will not be able to admit you. If you arrive at the White House Complex and realize that the information that you submitted is incorrect, correcting that personal information during business hours frequently takes over an hour for Secret Service to process. We strongly advise that all guests confirm that their personal information is correct before passing it along. Any mistakes will lead to long delays and unfortunately could result in you being denied access to the White House altogether.

After your identification has been checked, you will go through security similar to what you are used to seeing at the airport. You will then be issued a temporary badge that will give you access to the Eisenhower Executive Office Building. Please plan to spend at least 15 minutes passing through security.
