*(Ending Balance reflect reserve balances.)*

**FY18/19 Bicycle Facilities Ending Balance: \$ 10,372.11**  
*(Ending Balance reflect reserve balances.)*

Approximately 1% of the Measure C Extension Local Transportation Program is provided to fund significant improvements to the existing and planned bicycle facilities and/or systems. This will minimize traffic disruption and maximize safety for bicyclists.

By January 1, 2012 and again in 2017 and 2021, all jurisdictions within Fresno County will have adopted and/or updated a Master Plan or ATP for bicycle facilities that promotes connectivity within all of Fresno County and its urban areas. If any jurisdiction fails to meet this goal, the earmarked funds for bicycle facilities shall be withheld by the Authority until such time as a jurisdiction is in compliance. Jurisdictions with less than 25,000 population threshold are exempt from the earmarked funds for pedestrian/bicycle trails and earmarked funds for Bicycle Facilities. Jurisdictions with population threshold of 25,000 - 75,000 may combine the earmarked funds for implementing projects conforming to any of the provided definitions and jurisdictions with a population threshold greater than 75,000 must meet each of the earmark targets for 1) Pedestrian/Bicycle Trails and 2) Bicycle Facilities.

Bicycle projects are eligible for Bicycle Sub Program funding. Such projects include the following: Class III Bicycle Facilities, signage and striping; Class III Bicycle Facilities, signage and striping; Class IV Bicycle Facilities; Master Plan preparation and updates and other program-related facilities and support facilities. Amend 4 to the Exp Plan modified the Ped and Bicycle Facilities Subprogram to include construction of Class III and Class IV facilities and to allow other types of bicycle facilities approved for use in California by inclusion in Caltrans Highway Design Manual (HDM).

Every five years there will be a compliance test where jurisdictions must certify to the Authority that they have spent their earmark funds, but the time frame allows funds to accumulate up to a five year segment if needed for match purposes or a large project than the spending goals must be met thereafter.

Further clarification of eligible expenditures for the Bicycle Facilities Sub Program or the Local Transportation Program can be found in the Measure C Extension Strategic Implementation Plan.
