Approximately 13.70% of the Measure C Extension Regional Public Transit Program is provided to Fresno Area Express (FAX) to fund Primary and Secondary Transit Programs. The goal of the Primary Program is to improve the level of public transit services within Fresno and to continue to seek ways to coordinate and/or consolidate services in order to achieve a seamless transit system to the public. Eligible projects would be to improve frequencies to every 15 minutes on the busiest routes on the public transportation system in Fresno, enhance the delivery of paratransit to the disabled community consistent with federal and state law, install and integrate a regional automated farebox system to enhance transit coordination and seamless passenger travel between transit systems, complete fleet conversion to low emissions buses; expand service areas to all riders as Fresno's Sphere of Influence changes and reduced general public transit fares to Seniors 65 years of age and older.

The goal of the Secondary Program are improvements that will be funded after Primary Programs are completed provided that funding is available. Eligible projects would be to extend weekend service hours; enhance the delivery of paratransit services to the senior community; pursue other alternative mass public transportation options such as bus rapid transit, automated people movers, light rail, etc. etc.; deploy other operational and infrastructure improvements such as "real time" bus arrival and departure information displays to provide better services to transit users and provide a Taxi Script Program for seimours 70 years or older.
