**Circuit Planning & Engineering**

- Reedley Manning/Buttonwillow Master Plan Assistance – Rincon and VSCE met with the City of Reedley staff to develop the project site plan. Staff discussed City needs and opportunities with the project site, including incorporating the Reedley Trail, which supports Blueprint principals to improve active transportation. VSCE has prepared a draft site plan and with Rincon are developing draft concepts.

*Consultants are reaching out to additional cities on potential projects previously identified.*

**Circuit Planning**

- Coalinga – Rincon completed the request for proposals for Coalinga Trails CEQA/NEPA analysis, and the City released the RFP in April.
- Sanger zoning review – Collins & Schoettler have completed Sanger's zoning review and have submitted the report to the City of Sanger and Fresno COG.

**Circuit Engineering**

Conducting the active transportation counts listed below have been put on hold during the COVID-19 pandemic. The cities have requested this as the traffic counts will not reflect normal conditions during this time.

- Fowler – VSCE is developing a plan for conducting Active Transportation Program (bike/ped) counts
- Mendota - VSCE is developing a plan for conducting Active Transportation Program (bike/ped) counts
- Firebaugh – VSCE continues to coordinate with staff on potential projects.

## II. **TRANSPORTATION ACTION/DISCUSSION ITEMS**

### A. **Obligational Authority and Project Delivery Update (Jennifer Soliz)** [INFORMATION]

**Exhibits:**

 OA Quarterly Report May  FFY 19-20 Obligation Plan

**Summary:** On April 1, 2020, Fresno COG staff submitted the federal fiscal year (FFY) 2019/20 Obligation Plan to Caltrans's Division of Local Assistance. This plan documents Fresno COG's estimated project delivery for the remainder of 2019/20. The obligational authority (OA) target for 2019/20 is \$27,758,441.

As of March 31, 2020, only \$7,418,221 or 26.7 percent of federal Congestion Mitigation Air Quality (CMAQ) program and Surface Transportation Block Grant (STBG) funding had been obligated, leaving our region with an estimated OA balance of \$20,340,220. The obligation plan outlines approximately \$18 million in additional, combined CMAQ and STBG, which is still short of the remaining OA target.

In April, COG staff met with all local agencies to discuss their obligation plans and any changes to

programmed projects. Approximately \$3.9 million in projects will be delayed, and another \$2.5 million were expedited to offset those delays. These changes are reflected on the quarterly report attached. In January, staff reviewed the 2019/20 OA plan and determined the region was on track to exceed its OA target by 1 percent. With the delays and other changes, staff is now projecting a delivery rate of 93.9 percent.

The FFY ends September 30, 2020; however, as of May 1, the federal funds become available to the rest of the state on a first-come, first-served basis. Per Caltrans HQ and Local Assistance, the state is anticipating OA will be exhausted by mid-May. This is much earlier than we have seen in previous years, and projects not submitted to Caltrans for authorization by May 1 are at risk of being delayed.

It is the state's goal to exceed the OA target and, in August, receive additional federal funds redistributed from other states to projects pending authorization. We encourage all agencies to submit their Requests for Authorization as soon as possible to get in the queue for the funds that will become available. If projects do not receive authorization approval after August, they will be delayed to October 2020, the next federal fiscal year.

Please keep Fresno COG staff updated on any changes that could impact the region's project delivery plan. Contact Jennifer Soliz at 559-233-4148 ext. 223 or jsoliz@fresnocog.org with any questions regarding fiscal year deadlines or the process of obligating project funds.

**Action:** Information/discussion. The Committee may provide additional direction at its discretion.

**B. Regional Transportation Plan Roundtable Public-At-Large Applicant Selection (Brenda Veenendaal) [APPROVE]**

**Exhibits:**

Gail Miller     Jim Hunter     Sal Petrucelli

**Summary:** Fresno COG's Policy Board approved its 2022 Regional Transportation Plan (RTP) Roundtable positions in February 2020 with the caveat that all public-at-large applications be screened by COG staff, appointment recommendations be forwarded to the TTC and PAC for review and recommendation, and the Policy Board grant final approval at its May meeting. The first Roundtable meeting is scheduled for 2 p.m. on June 24.

The Roundtable supports Fresno COG staff and COG standing committees in developing the 2022 RTP and Sustainable Communities Strategy (SCS). It is vital to the process that the Roundtable generates consensus about the plans, based upon the input of an informed and active local constituency. While the Roundtable will provide comments and input on issues related to the 2022 RTP/SCS, the final decisions on RTP content will be the Policy Board's responsibility.

COG staff released the RTP Roundtable application on March 3, 2020, for those positions that are not appointed by a local or public agency. Three public-at-large applications were received for review and approval, and have been attached. The applicants are:

- Gail Miller, retired, Caltrans
- Jim Hunter, Senior Managing Consultant (semi-retired) for Knowledge Solutions Group
- Sal Petrucelli, retired, Longs Drugs/CVS Pharmacy management (application to follow)

**Action:** Staff requests that TTC/PAC concur with the public-at-large appointments and forward the recommendation to Fresno COG's Policy Board.

**C. FINAL 2020-21 Overall Work Program and Budget (Robert Phipps) [APPROVE]**

**Summary:** The fiscal year (FY) 2020-21 Overall Work Program (OWP), totaling \$21,737,779, is submitted for approval. The proposed budget increased \$1,524,545 from last year.

Federal revenues decreased 19 percent (\$1,137,460). FTA 5304 decreased \$269,372, reflecting progress on the Better Blackstone Challenge. Projects funded by FTA Section 5310 Enhanced Mobility of Seniors & Individuals with Disabilities program decreased \$494,705 reflecting programmed bus procurements for transit agencies while FTA Section 5316 & FTA Section 5317 were reduced by \$156,281 as grants funded by the discontinued JARC and New Freedom program are closed out. Federal planning funds decreased \$349,461 as carryover FHWA PL and FTA 5303 balances are spent

down.

State revenues increased 257 percent (\$4,588,834). The largest portion of this increase centers around the State Regional Early Action Planning Program (REAP) which provides \$4,749,860 to Fresno and Central Valley MPOs to develop a Valleywide plan for housing. Also, STIP planning funds (\$399,000) were reinstated in the 2018 STIP to fund FCOG's stewardship of the multi-million dollar federal aid projects allocated to local agencies in Fresno County. State Highway account, SPR, and RMRA funding all decreased a total of \$569,421, reflecting progress on programmed projects.

Local revenues decreased 15 percent (\$1,834,556), reflecting drawdowns on Measure C funded projects such as the significant design phase of the Golden State corridor, Fresno State Transportation Institute, and FCRTA electric vehicle purchases.

Staff activity surrounding the Measure C III reauthorization will also be a major initiative for 2020-21.

#### **Staffing & Benefits:**

There are no new Fresno COG planning positions included in this year's proposed budget. FCRTA reclassified an Administrative Assistant position to Operations Manager and added an accounting position. Contingencies are carried for merit-based salary increases as well as contingencies for anticipated health insurance increases. The overall proposed budget for salaries increased by 8 percent and benefits by 11 percent.

#### **Overhead Accounts:**

Overhead accounts increased by 4 percent (\$18,793 total) reflecting increases in computer supplies (\$5,000), building maintenance (\$1,000), and travel (\$11,500). The office lease also was adjusted up \$8,937 per the existing contract. Another \$7,644 in audit expenses were reallocated to a direct program.

#### **Consulting:**

The overall consulting budget is \$4.8 million, which is a decrease of \$744,846 corresponding to projects associated with revenue reductions discussed above regarding multi-year projects. Some of those include the Eastside Corridor Study and the Fresno-Madera Sustainable Corridor Study along State Route 41.
