Good Afternoon,

My name is Kevin Williams, Vice President of Impact for United Way Fresno & Madera Counties. The purpose of this letter is to express my strongest recommendation for Stacy Williams to join the Measure C Citizen's Committee, representing our organization. As the Director of Community Support, Stacy is perfectly positioned to bring the diverse, multifaceted voices of the community into the committee to ensure that decisions are made with the consideration of community impact.

The mission of United Way of Fresno & Madera Counties is to create pathways to prosperity for all of the residents of Fresno and Madera, focusing specifically on health, education and income. Accessibility and efficiency of transportation has a tremendous impact on each of these three conditions, and people's ability to access supports and programs that will help them move from survival to prosperity. Particularly in rural and migrant communities, the importance of transportation cannot be overstated – barriers to transportation limit availability of food, access to healthcare resources and services, educational opportunities and career/job prospects.

Stacy's commitment to community and equity is well documented. Her ability to engage with different communities and partners will only enhance the committee's ability to respond to the needs of the various communities of Fresno and Madera counties and ensure that everyone is included, considered, and represented in the deliberation of how to invest in improved transportation systems for Fresno County. A lifelong Fresnoian, she is aware of the changing social, economic and cultural landscape of the County and how investments in transportation are integral to continuing to see a growing and more prosperous and inclusive region.

If you have any further questions, please don't hesitate to contact me via email at kwilliams@uwfm.org or phone (651) 329-3253.

Thank you,

Kevin J. Williams
