Subject: 2023 Federal Transportation Improvement Plan (FTIP) Amendment No. 17, 2022 Regional Transportation Plan Amendment No. 3, and the corresponding 2024 Conformity Analysis

Mr. Renganathan:

On June 27, 2024, the Fresno COG Interim Executive Director adopted, via resolution, the Final 2023 FTIP Amendment No. 17, the Final 2022 RTP Amendment No. 3, and the final corresponding 2024 Conformity Analysis, as authorized by the Fresno COG Policy Board at their June 27, 2024 regularly scheduled meeting. Associated documentation is attached for your review and approval. The final adopted documents meet all applicable transportation planning requirements per 23 CFR Part 450 and 40 CFR Part 93. Associated documentation is attached as indicated below.

- 2023 FTIP Amendment No. 17: **Attachment 1** includes the 2024 FTIP Amendment No. 17, which is a near-term listing of capital improvement and operational expenditures utilizing federal and state monies for transportation projects in Fresno County during the next four years. The attachment also includes the corresponding updated FTIP financial plan.
- 2022 RTP Amendment No. 3: **Attachment 2** includes a summary of programming changes to the 2022 RTP and corresponding financial table updates. Final Amendment No. 3 is necessary to reflect funding, open to traffic date, and scope changes to regionally significant, capacity increasing projects. The amendment changes are consistent with the design concept and scope or schedule of existing regionally significant projects and does not change the time frame of the transportation plan.
- Conformity Requirements: **Attachment 3** includes the Final 2024 Conformity Analysis, which supports a finding that the 2023 FTIP Amendment No. 17 and 2022 RTP Amendment No. 3 meet air quality conformity requirements for ozone and particulate matter. The Final Conformity Analysis also addresses upcoming conformity budgets in the SJV 2016 Moderate Area PM2.5 Plan for the 2012 PM2.5 standard and 2018 PM2.5 Plan addressing the 1997 PM2.5 and 2012 PM2.5 serious nonattainment area requirements, which are currently undergoing EPA review. Should EPA act on these additional SIP elements, this conformity analysis includes an “upcoming budget test” in case the new transportation conformity budgets become available.
- Public Involvement: **Attachment 4** includes the Final Public Notice and Adoption Resolution.

Fresno COG conducted a 30-day public review and interagency consultation period that was completed on May 30, 2024, at 5:30 pm. Seven comments were received, and the responses are included in this amendment package. The public participation process for Amendment No. 17 to the 2023 FTIP, Amendment No. 3 to the 2022 RTP and the corresponding 2024 Conformity Analysis, is consistent with the Fresno COG Policy Board adopted Public Participation Plan.

Included with this letter is an electronic copy of Amendment No. 17 to the 2023 FTIP, Amendment No. 3 to the 2022 RTP and the corresponding 2024 Conformity Analysis. An electronic copy of the four-year financial plan will also be sent in a separate email. This amendment is available online at the Fresno COG website at www.fresnocog.org.

RE: Availability of Final 2023 FTIP Amendment No. 17, Final 2022 RTP Amendment No. 3, and Final 2024 Conformity Analysis for Interagency Consultation and Public Review

The Fresno Council of Governments approved a Final 2023 Federal Transportation Improvement Program Amendment No. 17 (2023 FTIP Amendment No. 17), 2022 Regional Transportation Plan Amendment No. 3 (2022 RTP Amendment No. 3) and the corresponding Conformity Analysis. Associated documentation is attached as indicated below.

- 2023 FTIP Amendment No. 17: Attachment 1 includes a summary of programming changes to the 2023 FTIP. Additional information and an updated financial plan are included in eCTIPs. Final Amendment No. 17 is necessary to provide a near-term listing of capital improvement and operational expenditures utilizing federal and state monies for transportation projects in Fresno County during the next four years. The attachment also includes the corresponding updated FTIP financial plan.
- 2022 RTP Amendment No. 3: Attachment 2 includes a summary of programming changes to the 2022 RTP and corresponding financial table updates. Final Amendment No. 3 is necessary to reflect funding, open to traffic date, and scope changes to regionally significant, capacity increasing projects. The amendment changes are consistent with the design concept and scope or schedule of existing regionally significant projects and does not change the time frame of the transportation plan. No EIR supplement is necessary due to its alignments and its negligible impact on the environment.
- Conformity Requirements: Attachment 3 includes the Final 2024 Conformity Analysis, which supports a finding that the 2023 FTIP Amendment No. 17 and 2022 RTP Amendment No. 3 meet air quality conformity requirements for ozone and particulate matter. The Final 2024 Conformity Analysis addresses both the original 2007 PM10 Maintenance Plan budgets and PM10 budgets contained in the 2015 Updated Transportation Conformity Budgets for the San Joaquin Valley. Should EPA disapprove the 2015 Transportation Conformity Budget Update for PM10, this conformity analysis includes an “upcoming budget test” in case the original 2007 Plan transportation conformity budgets become effective prior to federal approval of the 2023 FTIP Amendment No. 17 and 2022 RTP Amendment No. 3.
- Public Involvement: Attachment 4 includes the Final Public Notice and Adoption Resolution.

Response to Comments**

Fresno Council of Governments (Fresno COG) conducted a 30-day public review period for the 2023 FTIP Amendment No. 17, 2022 RTP Amendment No. 3 and associated Air Quality Conformity Analysis between May 1, 2024, and May 30, 2024, for the 2023 FTIP Amendment No. 17. Fresno COG received **seven (7)** comments and Fresno COG's responses are listed below:

Comment from Vaikunthan Renganathan, Office of Federal Programming and Data Management, Caltrans HQ

Date Received: 05/21/2024.

Submitted via: Email.

Subject: RE: Fresno COG Draft 2023 FTIP Amendment No. 17, Draft 2022 RTP Amendment No. 3, and Draft 2024 Conformity Analysis

Comment 1: Updated financial table- Highway Infrastructure Program (HIP) fund has been amended to split between FFY 23 and FFY 24. I do not see the projects impacted by the funding. Please include "Prior" and "Amended" FTIP Projects listings.

Response: The financial summary has had revisions between formal amendment #15 and formal amendment #17. In the 2023 FTIP Administrative Modification Amendment # 16, HIP funds were carried over from Federal Fiscal Year (FFY) 22/23 into 23/24 in order for funds to be obligated before end of federal fiscal year. There were no changes to HIP funding in the 2023 FTIP Formal Amendment No. 17 projects.

Comment from Erika Espinosa, Office of Air Quality and Climate Change, Caltrans

Subject: RE: Fresno COG Draft 2023 FTIP Amendment No. 17, Draft 2022 RTP Amendment No. 3, and Draft 2024 Conformity Analysis

Comment 1: 93.104(b,c) Include the final board adoption resolution in the final draft of the amendment; Please update the date in the Executive Summary should it change before the final.

Response: The final board adoption resolution has been included in Appendix E. Resolution No. 2024-11 is a legal agreement to determine the adoption of the 2023 Amendment No. 17, 2022 RTP No. 3 and 2024 Conformity Analysis are in conformity with the requirements of Federal Clean Air Act Amendments and applicable State Implementation Plans for air quality. The Fresno COG Policy Board will meet on the 27th day of June 2024, to review the 2023 FTIP Amendment No. 17, 2022 RTP Amendment No. 3 and 2024 Conformity Analysis.

Comment 2: 93.108 We recommend including E.S. p. 1 in the conformity documentation checklist as it documents fiscal constraint.

Response: The Conformity Checklist was updated with the E.S. p. 1 in compliance with 40 CFR 93.108. The Regionally Significant Project Listing in Appendix B serves as a critical tool for coordinating large-scale development efforts that have far reaching impacts. It provides comprehensive information on the scope, benefits, funding, and timeline of major projects facilitating informed decision-making across multiple jurisdictions.

Comment 3: 93.110(d) Unable to locate documentation that transit assumptions use the latest transit fares. Please clarify.

Response: Documentation of the latest transit assumptions have been added to Chapter 2, page 27.

Comment 4: 93.122(b) (vi) Unable to locate documentation of sensitivity to cost. Please clarify.

Response: Proper documentation has been added to demonstrate the sensitivity to cost in Chapter 2, page 28.

Comment 5: 93.126, 127, & 128 *We are unable to include an exempt project list. Please include the list if there are any exempt project or provide an explanation in the notes.*

Response: The exempt project listing is included in Appendix B. An exempt project listing provides transparency, outlining the reasons for exemption, and ensuring that all criteria are met while keeping the public informed. This process helps facilitate efficient project implementation without compromising environmental and public welfare standards.

Comment 6: *Spelling error in title of Chapter 1 p. 5*

Response: The title in Chapter 1 has been updated to the correct format.
