Eligible projects would be to improve frequencies to every 15 minutes on the busiest routes on the public transportation sytem in Fresno; enhance the delivery of paratransit to the disabled community consistent with federal and state law; install and integrate a regional automated farebox sysem to enhance transit coordination and seamless passenger travel between transit systems; complete fleet conversion to low emissions buses; expand service areas to all riders as Fresno's Sphere of Influence changes and reduced general public transit fares to Seniors 65 years of age and older.
