

# 2025-26 Fresno COG One Voice Advocacy Trip

## Regional Priorities Submittal Form

**Submittal Deadline: Wed., Jan. 15, 2026**

**Keep your regional priority content to less than three pages long. Do not change the font (*Arial*). Contact Brenda Thomas at [bthomas@fresnocog](mailto:bthomas@fresnocog) with questions.**

**One Voice Proposed Priority title:**

Millerton Road Widening and Safety Improvements

**Sponsoring agency/business:**

County of Fresno

- 1. Request summary** – provide specific priority “ask(s)”: provide specific “ask”. Keep this brief. It should not include the project history or background:

The requested funding would help construct the Millerton Road Widening Project, to include additional safety features, with remaining project costs estimated at \$76 million. The proposed project widens a 4.7-mile stretch of Millerton Road from a two-lane rural roadway to a four-lane divided arterial roadway. It spans from North Fork Road in the community of Friant to one mile west of Auberry Road. The project also includes constructing two roundabouts; one at Marina Drive/Winchell Cove Road and one at Morningside Drive/Saubrice Ave.

**2. About the Priority:** (Provide specific information about your proposed priority. Include information you want included in the trip materials.)

The project has been ongoing for a number of years and has experienced delays due to environmental, right of way, and utility concerns. The project is now ready for construction; however, funding for the project is insufficient due to rising construction costs and unexpected issues. During the time the County was working through the delays, Table Mountain Rancheria, the Chukchansi band of Yokut and Monache tribes of Indigenous Americans, widened a 0.8 mile section of the roadway in front of their newly built casino on Millerton Road from 2-lane to 4-lane, which starts at the casino entrance and ends at Marina Drive/Winchell Cove Drive. The change from 4-lane to 2-lane traveling west on Millerton Road creates a bottleneck which is very abrupt and has resulted in a number of severe crashes, some fatal. Between 2012 and May 2023 there were 44 collisions; 9 people were killed and 26 were injured within 900 feet of the intersection. The County has proposed a roundabout at this intersection, which adds approximately \$4 million to the project. The roundabout should significantly reduce the number of crashes and deaths that have happened in that location. Additionally, widening the remainder of the road will improve the bottleneck at the intersection. A second roundabout at Morningside Drive/Saubrice Ave will offer further safety for motorists and reduce the number of crashes on the stretch of roadway.

**3. Priority background** – (Include the priority issues, history and an explanation of the regional significance if not provided in question 1)

Millerton Road is the primary corridor that Table Mountain Rancheria tribe members rely on to access their lands and governmental operation. It is used by more than 1,300 employees of Table Mountain Rancheria and thousands of patrons and is integral to their economic success.

The widening and improvements to be constructed as a part of this project will tie the foothill area to the Fresno/Clovis metropolitan area. By supporting regional development and economic growth, property values can be improved and related construction and service industries will be sustained. Additionally, the residual impacts and job creation caused by such investment will reverberate throughout the region.

The County's objectives for the project are:

- Accommodate a higher level of projected traffic demand, and promote improved traffic operations, as well as bike and motorist safety
- Increase community safety by decreasing the California Fire Department's response times to fires in the region
- Bolster regional tourism by better accommodating seasonal traffic to the scenic Millerton Lake State Park
- Improve access to Table Mountain Rancheria tribal lands (the project has been preliminarily designed by Table Mountain Rancheria's consultant group, AECOM).

The project will achieve these objectives by transforming the current two-lane rural roadway into a four-lane divided arterial roadway with paved shoulders, including signed and striped bicycle lanes. Several public road intersections, private road intersections, and driveway intersections would be improved to accommodate the widening of the road and median improvements. Two roundabouts would be constructed where Millerton Road intersects Marina Drive/Winchell Cove Drive and Morningside Drive/Saubrice Ave to slow traffic, reduce crashes, and promote safer driving practices. Additionally, the project will include new, pocketed, left-turn lanes, and a new, two-lane, pre-stressed I-girder bridge to complement the already existing bridge and to accommodate the additional two lanes. These alterations will contribute to a higher level of safety and utility for motorists and bicyclists. Finally, erosion control measures will line all

embankment area slopes, as well as on cut slopes when the slope material will support growth. The reconstructed roadway would generally follow the alignment of the existing roadway, with deviations needed to upgrade the horizontal and vertical geometry to current standards.

The County of Fresno plans to apply for the FY 2026 BUILD Grant for \$25 million.

- 4. If your priority is not transportation related, are there any transportation policy connections?**

N/A

- 5. Provide high-resolution photos, graphics or other explanatory attachments for the One Voice trip materials. Do not copy and paste them here, attach them as separate electronic files. Then, describe the attachments and include them with your submittal.**

Location of Proposed Improvements, Photos of Existing Conditions, Engineer's Estimate

- 6. Contact** – Include the contact information for the priority submittal **and** the contact information of the person that will be attending the One Voice trip to speak on behalf of the priority:

**Project Contact:**
